

George Gitau Kinuthia

IT BUSINESS ANALYST

PROFILE

I'm an Experienced and certified Business and Systems Analyst within diverse sectors mainly real estate, investments, and the telecommunication fields. I have deep knowledge of IT project management with experience in overseeing both waterfall and Agile projects. I am certified in PRINCE2 project management methodology as well as Scrum fundamentals. I'm also big on Cloud technology platforms and I'm certified in both Azure and AWS cloud platforms. Want an IT solution that takes into account the people that will use it while maximizing performance efficiency and cost? I'm the person to talk to.
